

10th China-Korea Joint Symposium on Advanced Steel Technology

上海大学 SHANGHAI UNIVERSITY

Oct. 21-23, 2018, Shanghai, China

OBJECTIVE

The China-Korea Joint Symposium on Advanced Steel Technology is a well-established cycle of conferences about steel research which is jointly organized by the Chinese Society for Metals (CSM) and the Korean Institute of Metals and Materials (KIM). The 10th Symposium will be hosted by State Key Laboratory of Advanced Special Steel, Shanghai University on October 21-23, 2018.

The symposium aims to provide chances for the scientists and engineers from China and Korea on communication of the latest developments in steel science and technologies, and exchange of ideas and opinions in the area of innovative, creative and challenging processes and products.

TOPICS

The symposium emphasizes the exchange of ideas and cross-fertilization among participants. It is encouraged not only to present a completed work, but also to bring up ideas which are not proved, but challenging, ongoing works which seek a peer advice, and technical or theoretical difficulties encountered during a particular research in progress.

The topics of this symposium including but not limited to:

- High temperature physical chemistry
- Ironmaking
- Steelmaking (including solidification & continuous casting)
- Hot and cold rolling, and product technology
- Sustainable and environment-friendly processing

KEY DATES

- Abstract submission: July 15, 2018
- Manuscript submission: August 31, 2018
- Registration: October 21, 2018
- Symposium: October 22-23, 2018

VENUE & ACCOMMODATION

Gucun Park Hotel

- 4788 Hutai Road (Hutai Lu), Baoshan District Gucun Park Area Shanghai 201907 China
- Accommodation Fee: RMB ¥500 per night
- Rooms will be reserved for all participants
- <https://www.trip.com/hotels/shanghai-hotel-detail-427318/gucun-park-hotel/>

REGISTRATION FEES

- RMB ¥2700 for a regular participant
- RMB ¥1400 for a student participant and accompanying person
- Payment methods: CASH (RMB) or CREDIT CARD
- The registration fee covers proceeding, meals and coffee during formal sessions

PRESENTATIONS

There would be 21-24 presentations in this symposium, which includes 2 keynote lectures. Prof. Jian YANG and Prof. Jong Jin PAK will invite 10-12 speakers from China and Korea, respectively.

- Keynote lecture: 40 minutes
- Contributed paper: 25 minutes

SYMPOSIUM SCHEDULE (draft)

Date	Time	Schedule
October 21	14:00~21:00	Registration
	18:00~20:00	Reception
October 22	08:30~08:45	Opening Ceremony
	08:45~09:00	Group Photo
	09:00~12:05	Oral Presentation
	12:05~13:30	Lunch
	13:30~18:00	Oral Presentation
October 23	18:15~20:15	Banquet
	08:30~12:25	Oral Presentation
	12:25~14:00	Lunch
	14:00~18:00	Post-Symposium Tour
	18:30~20:00	Dinner

ORGANIZING COMMITTEE

Symposium Chair

- Prof. Zhongming REN (Shanghai University, China)
- Prof. Jong Jin PAK (Hanyang University, Korea)

Local organizing committee

- Han DONG: Shanghai University
- Jieyu ZHANG: Shanghai University
- Qijie Zhai: Shanghai University
- Xiaochun WU: Shanghai University
- Jinglin YOU: Shanghai University
- Jian YANG: Shanghai University

CORRESPONDENCE

- Prof. Jian YANG, Mrs. Wei SHAO
- School of Materials Science and Engineering, Shanghai University
- Email: yang_jian@t.shu.edu.cn, shaow@shu.edu.cn
- Tel.: +15821334017, +13651896962
